W. G. Kells, a former resident of Cartstair, dropped dead in the Lineham Block at Calgary on Tuesday morning, heart failure being the cause of death. While in Cartstair Mr. Kells was engaged in the implement business, and left there only about two years ago to enter the real estate business in Calgary.

At the Agricultural Society meeting held last Saturday one of the gentlemen present was unable to hand the Chronicle a slap. We might inform that gentleman that the Society or any person who has cause to use these columns for advertising purposes may examine our books at any time. At any rate, we do not feel that this slap was at all necessary, as no one had asked for a statement regarding our circulation.

LUMBER WASTE FOR PULPWOOD

Practical Economy and Utilization
of Wood Waste is Urged by
For the Protection of Nature.

For the purpose of manufacturing the four hundred and seventy-five thousand tons of wood pulp produced in Canada in 1910 nothing was used except logs of various species, which as a rule, are quite valuable and becoming valuable for lumber and other uses. No state or other saw-mill waste was reported as being converted into pulp by any of the mills which practice. In Canada the loss is great. During 1909 in the United States six per cent. of the total pulpwood consumed came from lumber mill trimmings. If economy had been practiced to the same extent in Canada during the year 1910, as much pulp could have been produced as from thirty-six thousand cords of wood and not one pulp log need have been cut. This would have made twenty-five per cent. more pulp than Nova Scotia produced in 1910.

Looking at the subject from another view point the gain might have been much greater. Over one-half of the five billion feet of lumber cut in 1910 passed through mills at centres of large population where the slab waste of one cord is equal to twenty thousand feet of lumber, making a large saving from the incinerators. One cord of pulpwood will produce at least one-half ton of pulp, and a quarter billion cubic feet of slab obtained would have produced at the lowest estimate six hundred and twenty-five million tons of pulp produced in Canada in 1910. The sooner such practical economy and utilization of wood waste commences the longer will Canada have an adequate supply of pulpwood.

GRIPPE LEFT HIM A
CONFIRMED INVALIDBUT HE FOUND A CURE IN
DODD'S KIDNEY PILLS

Quebec Politician was confined to bed when he started to use Dodd's Kidney Pills—They Cured him.

Tippins, Pontiac Co., Que. (Special) Postmaster F. Tippins, of this place, who for three years has been more or less of an invalid, and who for some time past has been growing weaker and weaker, has now got up and around again as a healthy man. Dodd's Kidney Pills cured him.

After recovering from grippe of the Postmaster was confined to his bed for a long time, and for a long time he was unable to get up, and they say he told his wife he would never get up again.

I was one of his visitors, and I say I told him Dodd's Kidney Pills cured him.

After using about half the box I began to feel better, so I kept on taking them. When I had taken about half the box I got up, and the boxes cured me completely.

The principal danger of Grippe is that it attacks the heart, and they can drain all the drugs of the disease out of the blood. Dodd's Kidney Pills are always the last medicine given for Kidney Disease. They are always cures and no other medicine is needed.

Agricultural Society

The annual meeting of the
Crossfield Agricultural Society was
held at the I. O. O. F. Hall on
last Saturday afternoon at which a
representative gathering of the
farmers of the Crossfield District
were present.

The meeting was duly called to
order by President of the Society,
Mr. L. N. Casey.

The minutes of the last annual
meeting were read and adopted, after
which the question of
membership was brought up, and
considerable discussion following
as to the best way to secure
members, and this question was
finally left for the incoming
directorate to decide.

Then followed the election of
Officers for the coming year, and
Mr. Casey the old President was
nominated for another term, but
owing to fact that he did not know
whether or not he would be here
all of the year declined the office.

The following are the officers as
elected for next year:

President, T. H. E. Mayes,
1st Vice-Pres., M. L. Boyle
2nd Vice-Pres., W. B. Edward,
Secretary, S. Timmins.

Treasurer, Major R. L. Boyle,
Directors: Jas. Laut, H.
Scholefield, Geo. Becker, Rolf
Arnott, L. N. Casey, Wm. Urquhart
Cap. Wigle, H. McPhee, Chas. Mc-
Kav.

Major Boyle was again chosen to
represent the Crossfield Society at
the Fairs Association to be held
in Calgary some time in February
next, and a few recommendations
were made that he should bring to
the attention of the Association at
this meeting.

Auditors: W. Willis, Wm. Laut,
and P. J. McAnally.

Experimental Committee: J.
Cavender, Jas. Laut, and H.
Scholefield.

This concluded the business of
the meeting, and the adjournment
was moved by Jas. Laut, seconded
by H. Scholefield.

Youth's Companion

No other paper is quite like The
Youth's Companion. It is taken in
half a million homes, where the
choice of reading is made with as
much care as the choice of friends.

For years The Companion had
enjoyed contributions by dis-
tinguished men and women of
Great Britain and Canada.

Among those already engaged to
write for the 1912 volume are
General Baden-Powell, who has
something of interest to say about
the Boy Scout movement, Sir Harry
Johnson, who recalls the last of
the great South African hunters,

William T. Stead, Jerome K.
Jerome, Jane Barlow, T. Bullen,
Rev. W. J. Dawson, Richard
Whiteinge, Sir James Crichton-

Brown, and the Duke of Argyll,
former Governor-General of Canada.

The serial stories alone, which
will follow one another the year
through, will be worth \$1.50 each
when published in book form.

By taking The Companion the
Canadian subscriber gets them all
and 250 other complete stories for
\$2.00, and the Articles, Miscellany,
Boy's Page, Girls' Page, Page
Gage, etc., put in for good measure.

Now is the time to subscribe, for
on January 1, 1912, subscription
price will be advanced to \$2.25.

Do not forget that the new
subscription for 1912 receives free
The Companion's Calendar for
1912, lithographed in ten colors
and gold, and all the remaining
weeks of 1911 from the time the
subscription is received.

Fatal Accident

Death claimed one of Crossfield's
prosperous farmers on last Friday
night in the person of T. J. Jonson.

On Friday evening Mr. Jonson left
Crossfield for home at about 5:30, and was found dead on the
road on Saturday morning by one of
the Washington-Alberta Land
Co.'s men on their way to work.
Word was at once brought into town and Dr. Tauger and Dick
Ontkes hurried out to the scene of
the tragedy, and the doctor found
life extinct. It is supposed that
on the way home the team got
beyond his control, and Mr. Jonson
was thrown out of his buggy unto
the hard ground sustaining a
fractured skull from which he never
recovered consciousness.

A Mounted Policeman and the
Coroner were notified who
concluded that an inquest was un-
necessary.

The funeral was held from the
farm home on Monday afternoon.
He leaves a wife and four children
to mourn his loss.

HAS A HUGE DIOCESE

REV. OVIDE CHARLEBOIS FIELD EXTENDS TO THE POLE.

Newly Appointed Vicar Apostolic of Keewatin is an energetic and faithful missionary—Has spent 23 years in the mission field of the North—He Will Have Thirteen Priests to Assist Him.

Rev. Ovide Charlebois M.J. who was consecrated vicar apostolic of Keewatin diocese, at Montréal, Lavaline, O.M.I., archbishop of St. Boniface, at the parish church of the Assumption, near Montréal, a few days ago, is very well known. In full force, he will be a great power in the far northern vicariate which embraces the north of the province of Saskatchewan and the territory north of the Saskatchewan and Manitoba, as far as the Arctic Circle. He will have 13 Oblate Fathers to assist him in the work in this vast field. His name in the past has been well known, and his leadership is confident that with the help of Indian schools and his missionaries he will be able to do much

Rev. O. O. DE LEROIS, O.M.I., to whom the lot of the red men was left in the dim past, died at Crossfield, Alberta, in 1862, and belongs to one of the pioneer families in that part of the country. His early education was obtained at the Assumption College, Montréal. Later he entered the Novitiate of the Oblate Fathers, Lachine, and was ordained a priest in 1868. Ten of his brothers also entered the priesthood, one being at present principal of the Ottawa East Scholastic and the other priests of the Oblate Fathers of the parish, Ottawa East. In 1887, Mr. Charlebois was appointed to the mission field of the diocese of St. Albert. For a year he labored at the St. Joseph Mission and for 16 years he labored in these wild regions of the north, for the most part making his own living and giving his services to the people. In recognition of his zeal he was placed at the head of all the neighboring missions in 1890, this giving him supervision of all the "Saskatchewan" and "North" year he has traveled along the Saskatchewan and its tributaries by land and by boat, and in 1898 he became director of St. Michael's Indian School at Duck Lake, which is one of the finest Indian schools of the west. When the new vicariate apostolic was formed, which includes all the territory from the Arctic Circle to the Hudson Bay and extending to the North Pole, Mr. Charlebois was selected as the first vicar apostolic.

A Laborer's Windfall. Story of a remarkable windfall comes from Crossfield, Alberta, to the effect that a farm laborer named John McCluskey, has become heir to a huge fortune, said to exceed a quarter of a million dollars sterling. Some time ago an advertisement was published, offering a reward for information to the whereabouts of John McCluskey, formerly of Amherstville, Tyrone, Ontario, who, it is said, was a sensitive and a relation visited the farm and informed McCluskey (who was found working in a turnip field) that he was the heir to a large fortune. In company with his two visitors, the laborer immediately proceeded to Glasgow to embark for New York. He was left in New York by a brother of McCluskey's in the United States, with whom he had had no correspondence for twenty years.

A Novel for Tennyson. Tennyson would have scouted the idea of a limit of 150,000 words for novels. William Allingham notes in his diary, Aug. 22, 1887, when on a visit to Farnham, "Tennyson is a constant novel reader and says: 'What I dislike is beginning a new novel. I should like to have a shelf to read in a million volumes to last me my life'."—London Chronicle.

PRINCE OF TRAVELERS.

Bronze Statue of Celebrated Venetian Found in Canton.

The name Marco Polo is the most famous in the history of travel, though the individual is not dignified, nor can hardly rank as one of the greatest men among explorers. Yet he had his own real, undoubted, and unique claims to fame. He was the first traveler to trace a route across the whole longitude of Asia, naming and describing kingdoms after which he had never heard. He was the first traveler to reveal China in all its wealth and vastness, with its mighty rivers, its cities, its great cities, its canals and rich manufactures; to tell us of the nations on its borders, with their customs and manners. He was the first to speak of that museum of wonder and beauty, the famous Archipelago of Java, the pearl of the Orient, of Sumatra; of Ceylon, its Mountain of Adam; of India, not as a mythical country, but as a country and a partially explored land; of the celebrated Christian kingdom of Abyssinia; of Zanzibar, Madagascar and Socotra; and, in short, to open up to us the vast plateau of Persia, with its wild sheep; of Tibet, and the Arctic ocean; of white bears, seals, and reindeer, and the like. All these would be the revelations of one man and one book surely accounts for and justifies the author's high place on the roll of fame, and his right to be spoken of with imaginary attributes.

In recognition of his services to the Chinese Emperor, a bronze statue of him was erected in 1292, and placed in the temple of the "500 Genii," or Disciples of Buddha, at Canton. The model of the statue is of wood, and the head and hands are of an older marble or ebony. There is an inner court where under huge plantain trees the monks having the guard of the temple, spend their leisure. There is also a lotus pool, in the centre, which is a vision of loveliness when the sacred blossoms are blooming. The temple is known as Lo-hang-tang, or Hall of Sams full of solemn brooding figures. The interior of the inner shrine is very dim and dark and mysterious, and the monk who was the purveyor of incense.

Marco Polo died in 1325, but the last complete copy of his famous and romantic stories had a ready inspiration to the known world, and resulted in the many notable discoveries following.

Bruges of Signs. The Bridges of Stone at Venice, was constructed in 1893.

These were made of reformed iron, and were originally made in England during the reign of Queen Victoria. They stopped at Manchester the coal shipping centre and were called teetotem from the stuttering of one of their number, who stammered at the "t" tee-tee-total while uttering the terms "total abstinence."

You Can See How It Heals

No Question of Doubt as to the Healing power of

DR. CHASE'S OINTMENT

To people who have used internal treatment in an effort to cure eczema it is almost beyond belief what benefit can be obtained from a application of this soothng, healing ointment.

It is seldom that the cause of eczema can be determined, but one thing is certain, the itching must be stopped and the sores healed up.

These results are secured by the use of Dr. A. W. Chase's Ointment. The itching is relieved almost instantly, and you will be surprised at the healing which will take place over night.

A little patience and persistent treatment with Dr. Chase's Ointment will give you more practical and definite results than a lot of talking with internal medicines. You can see how the Ointment heals. The other is guesswork.

Mr. George A. Smith, South Bay, Ont., writes: "I wish to communicate to you the great benefit I received from using Dr. A. W. Chase's Ointment. For years I suffered with a severe, burning, itchy rash on my head, a sort of eczema. I tried four doctors, giving each a fair trial, but got no better. In fact the disease spread to my left ear."

"I saw Dr. Chase's Ointment advertised and began using it. Persistent use of this treatment has entirely removed the trouble. I give you the treatment of my case with pleasure, as I hope thereby to induce some other sufferer to try the same. Dr. Chase's Ointment is a great healer."

Because this ointment has made its world-wide reputation by curing the most severe and longstanding cases of skin trouble, we would like to advise you should overlook its scores of uses in the relief of Itching and Irritation of the skin."

Dr. A. W. Chase's Ointment, 60 cents a box, at all dealers, or Edmonson, Bates & Co., Limited, Toronto.

What He Owes to Zam-Buk

Mr. C. E. Sanford, of Westen, Kings Co., N.S., a Justice of the Peace for the county, and a deacon of the Baptist Church, Birwick, says: "I have used Zam-Buk for some time and found it a splendid remedy. It cured me."

Mr. Thomas Pearson, of Prince Albert, Sask., writes: "I must thank you for your Remedy. I have had to use the use of Zam-Buk. Last summer I had a fever, which left me with piles. I started to use Zam-Buk and found it a great remedy. I have used it after using three or four boxes it effected a complete cure."

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organs and are untrained for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weakness and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes both's advent easy and almost painless. It cures the various disorders of the female organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

ST. VITUS DANCE

CURED THROUGH THE USE OF
DR. WILLIAMS' PINK
PILLS

Chorea, or St. Vitus' Dance, a disease that usually attacks the young, may be afflicted with it. Its most common symptoms are the twitching of the face, of the hands, and of the feet. As the disease progresses this twitching takes the form of spasms in which the jerking motion may be confined to the head, or it may be all over the body. The patient is frequently unable to hold anything in the hands or to walk steadily, and in severe cases even the heart is affected. The disease is due to a disorder of the nerves and is always cured by Dr. Williams' Pink Pills, which enlivens the body, tones and strengthens the nerves and thus restores the patient to health. The following is a striking instance of what Dr. Williams' Pink Pills can do in this trouble. Mrs. Phillips, of Peckham, England, says:—"At the age of fourteen my eldest daughter, Edith, became much run down, and the trouble developed into St. Vitus' Dance. Her head became affected, then the left hand and entire left side. She grew so bad that she actually could not hold anything in her hands and could not go about with a sliding jerking motion. Notwithstanding that we were giving her medicine, she seemed to be growing worse, and finally her speech was much affected. We were so much alarmed about her that finally her father got a supply of Dr. Williams' Pink Pills, and we began giving her these. She was soon better, and when she was much better, and before all the pills were gone she was again enjoying perfect health. This was in 1892, and she has not had a symptom of the trouble since I feel justified in saying the cure is permanent."

Be sure you get the genuine pills which are sold by the box of 100 or may be had at 50 cents a box or six boxes for \$2.00 from Dr. Williams' Medicine Co., Brockville, Ont.

The concert and dance organized by the ladies of the Abernethy School District took place on the evening of the 30th, was a great success. All the young and old people of the neighborhood turned out and the Dan and Alarie were also well represented. We hope the promoters of this will be able to give us a few more sociable entertainments during the coming winter.

We regret to hear that our popular teacher, Miss Stephen, is leaving for the Old Country after the Xmas Holidays. Our young men are in great perplexity as to who is the fortunate one. Rumors say some one is accompanying her. However, we wish her bon voyage.

There was another dance up at Beaver Dam, but we understand the Abernethy young people were not able to attend, owing to some of them being indolent, suffering from a cold.

Mr. R. Ross and wife are busy preparing to move into their new house.

Mr. and Mrs. Robertson have returned from a visit to Calgary.
